

For a decade, Adam Czerwinski litigated insurance claims for and against individuals, insurance carriers, and big corporations. Throughout his practice, Adam realized that his clients, colleagues and opponents did not understand the insurance they had purchased. It wasn't their fault, no one ever took the time to explain it to them!

This is why Adam created Sidebar Insurance Solutions, Inc., a full-service independent insurance agency. Adam provides his clients and colleagues with a better understanding of their insurance to make informed decisions and get the best value for their insurance dollars.

Adam is a graduate of DePauw University and the Chicago-Kent College of Law. He has been an attorney at Allstate Insurance, Polansky and Cichon, Chtd. and Uber Technologies.
