

## BIO

Michele Hansen-Hoback - I was in the U.S. Air Force for 8 years as a Services journeyman and traveled to many places around Europe in support of Desert Storm and Operation Joint Endeavor for support of Bosnia. I came back home after the service and worked on my education while raising a family and finally finished my Bachelors Degree in Criminal Justice in 2009 at ISU. I went to work at Community Action as a Family Service Worker for 10 years working with families on how to better their lives through education, job skills, finances, etc. I came to work here at Veterans Treatment Court in February 2020 as the Mentor Coordinator then became the VTC Coordinator Aug 2020. I love what Veterans Court has to offer for the Veterans and how it changes their lives for the better.
